

Estimados,

Santiago, 17 de febrero 2023

Por medio del presente informamos a Uds., que hace unos días se encuentra circulando un correo electrónico en inglés, con información referida a la tramitación de Certificados de Origen con destino a China.

Al respecto, quisiéramos precisar que esta información no ha sido emitida por ninguna de las Entidades mencionadas como; ProChile, SOFOFA y UCCO, por lo tanto, no es una comunicación oficial.

Por nuestra parte, señalamos que toda o cualquier información emitida por UCCO, será efectuada por medio de nuestros canales oficiales como; correos electrónicos corporativos, comunicado mensual a través del Newsletter, Informativo y nuestra página web www.ucco.cl.

Invitamos a dirigir sus dudas y consultas sobre los procesos de Certificación de Origen a nuestro correo institucional ucco@ucco.cl, al correo del personal o comunicarse directamente a nuestros teléfonos de contacto +56223654086, +56223654021 que aparecen en nuestra página web sección Oficinas Certificadoras.

Agradecemos su confianza y reafirmamos nuestro compromiso por un servicio de calidad "Apoyando el proceso exportador".

Gerencia General de UCCO

Unidad Central de Certificación de Origen S.A

COPY OF COMMUNICATION INFORMED BY EMAIL

"Dear Users:

Along with saying hello, I am sending you this email to inform you of important information that was delivered in the last training held in Santiago where all the certifying entities Pro-Chile, Sofofa and Ucco participated.

- 1.- For the preparation of the Certificate of Origin to China, only 20 items of the product to be Exported will be allowed. And all the necessary information requested by the form of origin is simply the description of the product, but it is NOT required or established in the agreement with China, that the description of the merchandise indicate calibers, varieties, sizes, etc.
- 2.- To avoid changes of certificates or Cancel and Replace the Certificates to China, it is very important to inform your Exporting clients that they can issue a certificate of origin in advance (before the departure of the ship) and box 4 of the form, can remain in white. This avoids a large number of changes in certificates of origin by port of discharge (many changes were made for this reason due to the closure of ports at destination due to the pandemic).
- 3.- You are reminded that the documentation attached to each Certificate of Origin independent of the destination must be, Export Invoice or Pro-Forma, DUS and Bill Of Lading (Affidavit when applicable).
- 4.- All documentation (mainly invoice) must be printed in Letter or Official size, legibly, without stains and the size of the letter and numbers must be adequate to be able to review each information in a normal way. If the information is not clear and legible or the font size is too small, the certificate will be sent back to the Agency.
- 5.- It is also important to remind you that the power of signatures is valid for one year and at the time of presenting these powers they must be signed with a blue paste pencil, including the signature of the Legal Representative and always attach the Identity Card of the latter (legible photocopy). The Signature Poer form to be used is attached".

Best regards,
